

# NEW FOR 2017 MOTORCAR EXCURSIONS

BOONE & SCENIC VALLEY RAILROAD  
& MUSEUM

Experience what it was like to ride the line back in the golden age of railroading with our new motorcar excursions. These antique track vehicles, traversing our picturesque rail line through the Des Moines River Valley, are authentic motorcars, restored to operating condition by the dedicated volunteers you see operating them.

Two excursion packages are available, each crossing the 156' tall Bass Point Creek High Bridge and the 800' long Des Moines River Bridge. Look for additional information on the reverse side of this card.
